1985 - The Heritage Center Project

It hardly seems possible. In January CCHS received a check from the Fred Meyer Charitable Trust for \$105,000. In April we gained title to the land and building, by September the new slate roof was completed, and in November we opened Gallery I. The original dream of the Heritage Center has been fulfilled -- it is a multi-functional building which features exhibits, a library/archives, and administrative space. But our work has just begun.

Exterior carpentry repair, painting, and further development of exhibits await our efforts. As the calendar year draws to a close, please consider a tax-deductible donation to the Heritage Center Project. After losing maintenance funding from county government we are even more dependant on your help.
